About

The Climate Pledge is a commitment to reach net-zero carbon emissions by 2040. It brings the world's top companies together to accelerate joint action, cross-sector collaboration, and responsible change.

Mission

Accelerate responsible climate action in every industry so our planet's diverse communities, natural resources, and shared environments can thrive indefinitely.

Commitments

Signatories of The Climate Pledge agree to:

1 Regular reporting

Measure and report greenhouse gas emissions on a regular basis.

2 Carbon elimination

Implement decarbonization strategies in line with the Paris Agreement through real business changes and innovations, including efficiency improvements, renewable energy, materials reductions, and other carbon emission elimination strategies.

3 Credible offsets

Neutralize any remaining emissions with additional, quantifiable, real, permanent, and socially beneficial offsets to achieve net-zero annual carbon emissions by 2040.

Opportunities

Every signatory becomes part of the greater Pledge community and gets:

- Access to **Passport**, a private online community for signatories.
- Invitations to participate in joint action projects.
- Resources and support from **Pledge partners**, including The Nature Conservancy and We Mean Business.
- Updates about the **Climate Pledge Fund**, a corporate venture program.
